Yes! Each candle is infused with carefully selected fragrances that match its category—whether it's Peace, Relax, Sleep, Fun, Love, Nature, or more.

How long do your candles burn?

We test each candle for optimal burn time. Depending on the size and design, our candles can burn anywhere from X to Y hours without losing fragrance or quality.

Are your candles safe for indoor use?

Yes! Our candles are made with safe, high-quality wax and wicks. However, we always recommend placing them on a heat-resistant surface and never leaving them unattended while lit.

Can I reuse the candle jar or holder?

Absolutely! Once the candle is finished, you can clean and reuse the container for storage, décor, or as a plant pot.

Do you offer custom or gift candles?

Yes, we can create custom scents, colors, and packaging for special occasions like birthdays, weddings, and corporate gifts.

Will the scent be overpowering?

No. Our candles are balanced to fill your space with a pleasant, lasting aroma without feeling overwhelming.

How do I take care of my candle for the best burn?

Let the wax melt evenly on the first burn to avoid tunneling.
